FLORIDA PACE FUNDING AGENCY

NOTICE OF INTENT TO USE UNIFORM METHOD OF COLLECTING NON-AD VALOREM ASSESSMENTS

The Board of Directors (the “Board”) of the Florida PACE Funding Agency, a public body corporate and politic, (the “Agency”), hereby provides notice, pursuant to Sections 163.08, 163.081, 163.082 and 197.3632(3)(a), Florida Statutes, each as amended from time to time, of its intent to use the uniform method of collecting non-ad valorem assessments for more than one year to be levied within the area encompassed by the boundaries of every county in Florida, or any of the municipalities therein, served by the Agency’s statewide provision of funding and financing to assist property owners who wish to construct, install or otherwise obtain qualifying improvements identified by the Legislature including, but not limited to, energy conservation and efficiency improvements, renewable energy improvements, and wind resistance improvements, in accordance with Section 163.08, et seq., Florida Statutes, as amended (collectively, the “Qualifying Improvements”). By law and resolution of the Agency, a property owner may apply to the Agency for funding and financing of Qualifying Improvements. The non-ad valorem assessments contemplated by this notice are voluntary and are only imposed by the Agency with the prior written consent authorized by or on behalf of affected property owners who determine to obtain financing for Qualifying Improvements from the Agency. The Agency is authorized by state law to fund and finance Qualifying Improvements and is required to annually collect repayment by non-ad valorem assessments to be collected by the Tax Collector in each County. The Board will consider the adoption of a resolution electing to use the uniform method of collecting such assessments as authorized by Section 197.3632, Florida Statutes, after a public hearing to be held at Kissimmee Gateway Airport-Executive Conference room located at 401 Dyer Blvd Kissimmee FL on December 9, 2025, at 1pm. In the event of a local or national emergency, a hurricane, or any other interfering circumstance, if necessary, the meeting may be continued to a time, date, and place certain, and notice thereof, along with appropriate means for public attendance and participation, if other than in-person, will be posted on the Agency’s website. Such resolution electing to use such uniform method will state the need for the levy and will contain a legal description of the boundaries of the real property that may be subject to the levy – which is the entirety of the State of Florida. A copy of the proposed form of resolution and other information may be viewed at the Agency’s website: [www.FloridaPACE.Gov](#). All affected property owners have the right to be heard on the matter via advance written objection or by appearing in person at the public hearing. Advance written communication will be given equal weight to comments or objections made in person, and may be submitted to the Board via email to [Info@FloridaPACE.Gov](#); and should be received by the Agency on or before December 8, 2025, at 9am so that copies can be distributed to Board members for advance review and hearing preparation purposes. Any person desiring to speak in person may appear at the public hearing. If any person decides to appeal any decision made with respect to any matter considered at this public hearing, such person will need a record of proceedings and for such purpose such person may need to ensure that a verbatim record of the proceedings is made at their own expense and which record includes the testimony and evidence on which the appeal is based. Any person requiring special accommodation at this meeting due to disability or physical impairment or needing an interpreter to participate in this proceeding should contact the Agency at 850-400-PACE at least 48 hours prior to the meeting. If hearing impaired, Florida Relay Service numbers for assistance are (800) 955-8771 (tdd) or (800) 955-8770 (voice).

Publish on November 14, 21, 28 and December 5, 2025 by Order of the Board of Directors of the Florida PACE Funding Agency.

Q&A

What is a public notice?

A public notice is information intended to inform citizens of government activities. The notice should be published in a forum independent of the government, readily available to the public, capable of being securely archived and verified by authenticity.

The West Orange Times carries public notices in Orange County, Florida.

Are internet-only legal notices sufficient?

No. While the internet is clearly a useful resource, websites should not be used as the sole source of a legal notice.

Websites, whether controlled by a government body or a private firm, are not independent, archived, readily available or independently verified.

Newspaper legal notices fulfills all of those standards.

Are there different types of legal notices?

Simply put, there are two basic types - Warning Notices and Accountability Notices.

Warning notices inform you when government, or a private party authorized by the government, is about to do something that may affect your life, liberty or pursuit of happiness. Warning notices typically are published more than once over a certain period.

Accountability notices are designed to make sure citizens know details about their government. These notices generally are published one time, and are archived for everyone to see. Accountability is key to efficiency in government.

Who benefits from legal notices?

You do. Legal notices are required because a government body or corporation wants to take action that can affect individuals and the public at large.

When the government is about to change your life, or your property or assets are about to be taken, public notices in newspapers serve to alert those affected.

How much do legal notices cost?

The price for notices in the printed newspaper must include all costs for publishing the ad in print, on the newspaper's website and to www.floridapublicnotices.com.

The public is well-served by notices published in a community newspaper.

Q&A

Are internet-only legal notices sufficient?

No. While the internet is clearly a useful resource, websites should not be used as the sole source of a legal notice. Websites, whether controlled by a government body or a private firm, are not independent, archived, readily available or independently verified. Newspaper legal notices fulfills all of those standards.

Are there different types of legal notices?

Simply put, there are two basic types - Warning Notices and Accountability Notices.

Warning notices inform you when government, or a private party authorized by the government, is about to do something that may affect your life, liberty or pursuit of happiness. Warning notices typically are published more than once over a certain period.

Accountability notices are designed to make sure citizens know details about their government. These notices generally are published one time, and are archived for everyone to see. Accountability is key to efficiency in government.

Why Public Notice Should Remain in Newspapers

Along with open meeting and freedom of information laws, public notice is an essential element of the **three-legged stool of government transparency**

This is not about “newspapers vs the internet”.

It’s newspapers *and* newspaper websites vs government websites

and newspaper websites have a much larger audience. Moving notice from newspapers to government websites would **reduce the presence of public notices on the internet**

Requiring independent, third-party newspapers to ensure that public notices run in accordance with the law helps

prevent government officials from hiding information

they would prefer the public not to see

Since the first U.S. Congress, public officials have understood that newspapers are the best medium to notify the public about official matters because they contain the

essential elements of public notice:

Accessibility

Independence

Verifiability

Archivability

Publishing notices on the internet is neither cheap nor free

Newspapers remain the primary vehicle for public notice in all 50 states

Types Of Public Notices

Newsprint is inherently superior to the internet for public notice because reading a newspaper is a serendipitous process.

We find things in newspapers we weren't expecting to see. On the internet, we search for specific information and ignore everything else.

Citizens continue to learn about vital civic matters from newspaper notices.

Documented examples of people taking action and alerting their community after reading a newspaper notice are reported on a regular basis.

Verifying publication is difficult-to-impossible on the web.

That's why the courts subject digital evidence to far greater scrutiny than evidence published in newspapers

Significant numbers of people in rural areas still lack high-speed internet access.

Those who are older than 65 or who have lower incomes or lack high-school diplomas are also cut off from the internet in far higher numbers than the average.

Moreover, the real digital divide for public notice is growing

due to the massive migration to smartphones and other small-screen digital devices

Governments aren't very good at publishing information on the internet.

Unlike newspaper publishers, **public officials aren't compelled by the free market to operate effective websites.**
