PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
Florida Department of Environmental Protection
Division of Air Resource Management, Permit Review Section
Draft Permit No. 1270090-015-AV
Imperial Foam & Insulation Manufacturing Company, Inc.; Ormond Beach Facility
Volusia County, Florida
Applicant: The applicant for this project is Imperial Foam & Insulation Manufacturing Company, Inc. (Imperial). The applicant's responsible official and mailing address are: Harry Merryday, President, Imperial, 2360 Old Tomoka Road, Ormond Beach, Florida 32174.
Facility Location: The applicant operates the existing Ormond Beach Facility, which is in Volusia County at 2360 Old Tomoka Road, Ormond Beach, Florida.
Project: The applicant applied on September 16, 2026, to the Department for a Title V air operation permit renewal to update the current Title V permit.
The Ormond Beach Facility manufactures polystyrene foam insulation products (Emissions Unit 001). The process consists of unexpanded polystyrene beads that are deposited into a weigh hopper, and the measured quantity of unexpanded beads is then introduced into expansion chamber. Typically, one type of polystyrene bead is expanded per batch. Steam is introduced into the expansion chamber to expand the beads. A sensor in the expansion chamber determines when the beads are fully expanded. The expanded beads are emptied from the expansion chamber into the dryer. Dried expanded beads flow over a gate and are mixed and separated by an impeller to prevent the dried expanded beads from clumping. The beads then fall through a grate and are deposited into a storage area where they are aged for at least 4 to 24 hours.
Aged, expanded beads are then deposited into a mold where steam is applied to make the beads adhere to each other. Typically, only one type of expanded bead is used to produce each polystyrene log. Next, a vacuum is applied to the mold to eliminate moisture, cool the beads, and shrink the product. After the molding operation is complete, the polystyrene log is then released from the mold, put into storage, and cured for three days to achieve product stability. The polystyrene block then proceeds to one of three cutting processes, depending on product desired. Each cutting station utilizes hot wires to cut the polystyrene into either standard

product sizes, custom product sizes, or into smaller blocks. The steam used in the expansion chamber and molding operations is generated from two onsite boilers; emission unit (EU) 003 and EU 004. The boilers are fired by No. 2 fuel oil with EU 003 rated at 5.0 million British Thermal units per hour (mmBtu/hr) and EU 004 rated at 6.7 mmBtu/hr.
This is a renewal of Title V air operation permit No. 1270090-013-AV.
Permitting Authority: Applicants for Title V air operation permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, and 62-213 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and a Title V air operation permit is required to operate the facility. The Permit Review Section in the Division of Air Resource Management is the Permitting Authority responsible for making a permit determination for this project. The Permitting Authority's physical address is: 2600 Blair Stone Road, Tallahassee, Florida. The Permitting Authority's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Permitting Authority's telephone number is 850/717-9000.
Project File: A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the address indicated above for the Permitting Authority. The complete project file includes the draft permit, the Statement of Basis, the application, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. Interested persons may view the draft permit by visiting the following website:
https://ldep.dep.state.fl.us/air/emission/apds/default.asp and entering the permit number shown above. Interested persons may contact the Permitting Authority's project review engineer for additional information at the address or phone number listed above.

Notice of Intent to Issue Permit: The Permitting Authority gives notice of its intent to issue a renewed Title V air operation permit to the applicant for the project described above. The applicant has provided reasonable assurance that continued operation of the existing equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a proposed permit and subsequent final permit in accordance with the conditions of the draft permit unless a response received in accordance with the following procedures results in a different decision or a significant change of terms or conditions.
Comments: The Permitting Authority will accept written comments concerning the draft Title V air operation permit for a period of 30 days from the date of publication of the Public Notice. Written comments must be received by the close of business (5:00 p.m.), on or before the end of this 30-day period, by the Permitting Authority at the above address and electronically by David Read at David.Read@FloridaDEP.gov. As part of his or her comments, any person may also request that the Permitting Authority hold a public meeting on this permitting action. If the Permitting Authority determines there is sufficient interest for a public meeting, it will publish notice of the time, date, and location in the Florida

Administrative Register (FAR). If a public meeting is requested within the 30-day comment period and conducted by the Permitting Authority, any oral and written comments received during the public meeting will also be considered by the Permitting Authority. If timely received written comments or comments received at a public meeting result in a significant change to the draft permit, the Permitting Authority shall issue a revised draft permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection. For additional information, contact the Permitting Authority at the above address or phone number.
Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. A petition for administrative hearing must contain the information set forth below and must be filed (received) with the Agency Clerk in the

Office of General Counsel, 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000, Agency_Clerk@dep.state.fl.us, before the deadline. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C. A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, any email address, telephone number and any facsimile number of the petitioner; the name, address, any email address, telephone number, and any facsimile number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency

to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this written notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Extension of Time: Under Rule 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, or via electronic correspondence at Agency_Clerk@dep.state.fl.us, before the deadline for filing a petition for an administrative hearing. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

Mediation: Mediation is not available in this proceeding.
Agency_Clerk@dep.state.fl.us, before the deadline for filing a petition for an administrative hearing. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

EPA Review: EPA has agreed to treat the draft/proposed Title V air operation permit as a proposed Title V air operation permit and to perform its 45-day review provided by the law and regulations concurrently with the public comment period, provided that the applicant also transmits an electronic copy of the required proof of publication directly to EPA Region 4 at the following email address: R4TitleVFL@epa.gov. The final Title V air operation permit will be issued after the conclusion of the 45-day EPA review period so long as no adverse comments are received that result in a different decision or significant change of terms or conditions. The status regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition can be found at the following website address: https://www.epa.gov/caa-permitting/florida-proposed-title-v-permits.

Objections: Finally, pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within 60 days of the expiration of the Administrator's 45-day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to the issuance of any Title V air operation permit. Any petition shall be based only on objections to the permit that were raised with reasonable specificity during the 30-day public comment period provided in the Public Notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. Environmental Protection Agency, Office of the Administrator, 1200 Pennsylvania Avenue, N.W., Mail Code: 1101A, Washington, DC 20460. For more information regarding EPA review and objections, visit EPA's Region 4 web site at https://www.epa.gov/caa-permitting/florida-proposed-title-v-permits.

NOTICE OF PUBLIC HEARING FLAGLER COUNTY / CITY OF PALM COAST AFFORDABLE HOUSING ADVISORY COMMITTEE (AHAC)
Pursuant to Section 420.9076, Florida Statutes, the Flagler County / City of Palm Coast Affordable Housing Advisory Committee (AHAC) will hold a public hearing on Tuesday,
October 28, 2026, at 3:00 p.m. at the Flagler County Emergency Operations Center, Training Room B, 1769 E. Moody Blvd., Building 3, Bunnell, Florida.
The purpose of the hearing is for the AHAC to adopt its evaluation of local affordable housing incentive strategies and its final recommendations for submission to the Flagler County Board of County Commissioners and the Palm Coast City Council.
Florida law requires AHACs to review local policies and ordinances to recommend specific incentives that encourage affordable housing. At this hearing, the committee is generally considering and evaluating recommendations across all statutory incentive categories outlined in § 420.9076(4), F.S. These strategies include, but are not limited to:
– Accessory Dwelling Units (ADUs N)
– Fee waivers (selective)
– Expedited permitting
– Use of public lands for affordable housing
Consistent with the state housing strategy in § 420.0003, F.S., these potential incentives aim to reduce the cost of development and promote private-sector delivery of affordably priced housing, thereby reducing the need for government-subsidized construction.
The draft evaluation report and current preliminary strategies under consideration are available for public review at Flagler County Health and Human Services, 2199 Commerce Parkway, Bunnell, FL 32110, or may be requested digitally by emailing housingservices@flaglercounty.gov or calling (386) 586-2324.
